

The range covered by our Material Disciplines is a comprehensive list of every part of your building or superyacht.

From the structural to the decorative, we not only take care of it but extend lifecycles whilst helping you manage your maintenance costs.

#100 NeroQom® Anodised Aluminium
One of the most beautiful materials we see and one of the most easily damaged too. But don't worry, we've got an answer for whatever's gone wrong.

#100-1 NeroQom® Ano Clean Pro
Our pH-neutral, emulsifying deep cleaners will restore the appearance of your anodised aluminium from even the heaviest contamination. Leaves a temporary protection on application.

#100-2 NeroQom® Ano Pre-clean
A deep clean which must be used ahead of our Ano Restore Protect. We use a pH-neutral, emulsifying deep cleaners to prepare the anodised aluminium.

#110-1 NeroQom® Ano Restore Protect
Restore visibly damaged anodised aluminium to look like new, whilst adding a semi-permanent protection which will resist contamination.

#110-2 NeroQom® Ano Temporary Protect
Our short-term solution for anodised aluminium. This will improve the look of your surface whilst also creating temporary protection against aggressive contamination.

#200 NeroQom® Coated Surfaces
It doesn't matter how it's been coated, we have Disciplines to maintain and even upgrade your surfaces.

#200-1 NeroQom® Coated Clean Pro
Coated surfaces can be very sensitive. We use our pH-neutral, emulsifying deep cleaners to restore the appearance of your coated surface from even the heaviest contamination.

#210-1 NeroQom® Coated Restore Protect
Protecting coated surfaces is complicated but we'll make it easy with this Discipline. Coated Restore Protect will even bring back colour, gloss-rate and hardness to your coated surfaces as it protects.

#220-1 NeroQom® Coated Upgrade Protect
Prevention is better than cure, so upgrade your coated surfaces from the day of installation to retain the quality of their colour and gloss-rate for years to come.

#300 NeroQom® Flooring
Picking the right floor for a space can be difficult. That's why we maintain and install a wide range of different flooring options to ensure we have the perfect one for you.

#300-1 NeroQom® Flooring Liquid Application
Installing a perfect liquid floor takes skill and care. The Squad can apply a range of different liquid flooring types with whichever finish you need.

#310-1 NeroQom® Flooring Maintain
No matter the material, we can take care of your floor, to ensure it's safe and looks as good as when it was first installed.

#320-1 NeroQom® Flooring Panel Install
Panel floors come in a range of different materials, styles and effects. We can install them to which ever space you need efficiently, no matter the type you choose.

#400 NeroQom® Glass
From prestigious buildings to superyachts, glass is everywhere and in need of our care.

#400-1 NeroQom® Glass Film Application
Change the character of your glass with a self-adhesive film. We can add safety, UV protection, decorative design, security and much more.

#400-2 NeroQom® Glass Protect Shield
The best way to increase the strength, safety and performance levels of your glass.

#400-3 NeroQom® Glass Protect Upgrade
Upgrade with our molecular tension, nano-coating technology system to make your glass easy to clean and give it lasting protection.

#400-4 NeroQom® Glass Repair
Effective removal of pits and chips using transparent or coloured resin.

#400-5 NeroQom® Glass Restore
Designed for the heaviest contamination on any type of glass, our pH-neutral emulsifying deep cleaners will make it like new again.

#400-6 NeroQom® Glass Restore Etched & Sandblasted
Using our active cleaner, we can remove the heaviest contamination from within the structure of your glass.

#400-7 NeroQom® Glass Scratch Removal Large Area
The most effective solution for removing scratches of any size and depth over a wide area on glass.

#400-8 NeroQom® Glass Scratch Removal Precise Area
Quickly and effectively remove small numbers of scratches of any length or depth from your glass. We can even do this on shaped glass.

#500 NeroQom® Polyplast
You see polyplast every day, from window and door frames to small boats. Our Squad can help you to keep it looking its best for years to come.

#500-1 NeroQom® Polyplast Restore Protect
By using our pH-neutral emulsifying system we will restore the appearance of your polyplast and provide temporary protection.

#600 NeroQom® Rubber & Sealant
Rubber and sealants are essential to keeping your structure secure and waterproof. We can apply, maintain or replace these as needed.

#600-1 NeroQom® Rubber Care
Maintain the rubber around your structure to keep it effective for longer.

#600-2 NeroQom® Sealant Care
Apply or replace the sealant in your structure to make it secure or like new again.

#700 NeroQom® Stainless Steel
Even the toughest materials need care, whether brushed or polished, our Disciplines take care of your stainless steel.

#700-1 NeroQom® Polished Stainless Steel Restore
Our pH-neutral, emulsifying deep cleaners will perfectly remove deep contamination or minor corrosion from your polished stainless steel.

#700-2 NeroQom® Brushed Stainless Steel Restore
Using our innovative techniques and pH-neutral, emulsifying deep cleaners on your brushed stainless steel, we'll take care of deep contamination and minor corrosion.

#710-1 NeroQom® Polished Stainless Steel Protect
Upgrade with our molecular tension, nano-coating technology system to make your polished stainless steel easy to clean and give it lasting protection against contamination.

#710-2 NeroQom® Brushed Stainless Steel Protect
By applying our molecular tension, nano-coating technology system we'll upgrade your brushed stainless steel to give it a clean and lasting protection against contamination.

#720-1 NeroQom® Polished Stainless Steel Polishing

Restore the flawless surface of your polished stainless steel, no matter how compromised it is.

#720-2 NeroQom® Brushed Stainless Steel Brushing

Our Squad will work on your brushed stainless steel to make its surface like new, no matter how damaged it is.

#730-1 NeroQom® Stainless Steel Upgrade Protect

Take care of your stainless steel by upgrading it with our anti-corrosion protection.

#800 NeroQom® Stone

We love taking care of all types of stone, from the oldest to the newest. We can maintain, apply protective coatings and much more to keep it in the best condition for years to come.

#800-1 NeroQom® Stone Algae Clean

From light to heavy growth, we can remove most types of algae from your stone.

#800-2 NeroQom® Prostone Fluid Protect

NeroQom® Prostone is an innovative, comprehensive and effective system to protect a huge range of stone from the elements.

#800-3 NeroQom® Stone Cream Protect

Protect your stone from the elements with this cream system which offers some unique application options.

#810-1 NeroQom® Stone Restore Pro

A versatile cleaning, restoration and maintenance solution for stone. This can be customized for a wide range of different types of damage and contamination. This customisation includes application by polishing or brushing.

#900 NeroQom® Wood

A versatile material which appears in so many different situations but can be very fragile. We can restyle and protect or simply take care of your wood.

#900-1 NeroQom® Wood Care Pro

Repair, update or just maintain the condition of your wood, including colour and finish, with our range of Disciplines.
