

We don't just turn up at your project with what we think will do the job.

NeroQom® offers a much more considered and informed approach to everything we do. Our Operational Disciplines describe how we analyse, plan, administrate and prepare every project we work on.

#000 NeroQom® ADaPT

Every project starts with understanding. Using our **Analysis and Diagnosis** Disciplines, we will complete detailed evaluation and assessment of what you want.

#000-1 NeroQom® ADaPT Strategy

Where we begin. ADaPT defines how we analyse every project and guarantees our results.

#000-2 NeroQom® ADaPT Control & Correction

Proactive, high-end maintenance. We'll send in the Squad to document and fix issues as they clean.

#000-3 NeroQom® ADaPT Defect Registration

We'll survey your project using the best software and the latest technology to pin-point the issues which need your attention.

#001 NeroQom® Project Management

Beyond the Disciplines lies our management services which ensure efficient and professional delivery for every client or partner.

#001-1 NeroQom® PM Accessibility

Crucial to any successful project is our ability to gain access to our work area. We'll use which ever method gives the best results.

#001-2 NeroQom® PM Administration

Every project requires paperwork, this is where we take care of it.

#001-3 NeroQom® PM Environment

We take the wellbeing of our natural environment very seriously and will always minimise any impact where we can. We will use whatever methods are needed to meet your, governmental and our own environmental standards.

#001-4 NeroQom® PM First Aid

We plan carefully to ensure the wellbeing of our Squad and clients, but, if an accident does happen, we will be prepared.

#001-5 NeroQom® PM Multi Year Planning

A comprehensive program of assessment and planning to maintain your investment in the short-, medium- and long-term.

#001-6 NeroQom® PM Proposal

For larger, more complex and detailed projects, producing an accurate and comprehensive proposal takes a lot of work. This Discipline covers the time and expertise we'll bring to bear for you.

#001-7 NeroQom® PM Safety

Considering any specific requirements which you have, legal requirements and our own, we will provide you with comprehensive safety solutions every time.

#001-8 NeroQom® PM Security

Security covers all aspects of a project, from ensuring the safety of the public to protecting information on site; security is a high priority on every project.

#001-9 NeroQom® Squad Development

We know we have the experts to do the job perfectly because we train them to be perfect and meet your needs.

#002 NeroQom® Logistics

When the planning is done, it's time for action. Our logistical Disciplines make sure the Squad and their equipment are in place from the first day to the last.

#002-1 Accommodation

For longer projects, far from home, we'll need a place to rest over-night.

#002-2 Cancellation

A tool to help balance the accounts; if we need to cancel an invoice, this is how we'll get it done.

#002-3 Credit Notes

Sometimes we need to put a credit on your account, it doesn't happen often, but when it does, you'll see this Discipline make an appearance.

#002-4 Deposit

When working with new clients, larger projects, specialist equipment or large volumes of chemicals, we'll need a deposit prior to starting work.

#002-5 Discount

If you give us the best coffee, or if we like you enough, we might even discount your project. Same great work, just a sharper price, aren't we kind?

#002-6 Expenses

This Discipline covers the various out of pocket expenses we incur when completing a project. This includes food, toll fees or site access fees such as city zoning charges amongst other things.

#002-7 Pack & Handling

When we ship delicate equipment or chemicals to our clients, it's not as easy as dropping them in a box. This Discipline covers the packing, administration and documentation required to get our products to you, where ever you are in the world.

#002-8 Purchasing

Sourcing the right products at the right price takes time and skill. We do our best to get the best price for you.

#002-9 Shipping

Getting our equipment and products to site is no small task. We'll get them there the most effective and safest way, every time.

#002-10 Storage

If we need to store goods or equipment, this Discipline will cover it. Striking the balance between safety, security and value perfectly.

#002-11 Travel

Where ever you are in the world, we'll get there.

#002-12 Waste

The Squad attends to every detail of your project, that includes cleaning up after we're done. We'll handle any waste material from our work with you, dispose of it responsibly and, where possible, sustainably.

#005 NeroQom® Advanced Solutions

When your project is truly unique, we'll give you a customised combination of products and techniques to achieve the best results.

#005-1 NeroQom® Custom Discipline

We're always looking for unique challenges, when we find one, this Discipline is used.

#005-2 NeroQom® Custom Materials

Unique situations can have unusual or undefined needs for chemicals and consumables. When we can't specify an exact volume at the start of a project, we'll use this Discipline.

#005-3 NeroQom® Specialist Equipment

In the rare case that we don't have the equipment at NeroQom® HQ, that won't stop us getting the job done. We'll source the right tool and get the job done.

#006 NeroQom® Vision

Your project through our eyes.

#006-1 NeroQom® Build

When construction has started, we can give you inspiration for different approaches, protections, materials or finishes to make your finished project truly unique.

#006-2 NeroQom® Design

The design stage of any project is crucial. Bringing our experience and perspective to the table, we will give you inspirational ideas for different materials or finishes as well as help you plan for future maintenance.

#006-3 NeroQom® Reimagine

Inspiration makes all the difference. Let us lend our expertise to your restyle or upgrade to give you the benefit of our unique perspective.
